RE: Stopping Child Porn on the Internet

Dear ISP:

I have seen and read about New York State Attorney General Andrew Cuomo's campaign to rid the Internet of child pornography. So far, several major ISPs have joined with Attorney General Cuomo and agreed to a code of conduct to stop the proliferation of this porn. I have been a subscriber to your services for ___ years and I am concerned that you have not yet expressed your commitment to the principles set out by Attorney General Cuomo. I urge you to contact the Attorney General's Office as soon as possible in order to join this growing network of providers who are making the Internet safe for all of us.

Sincerely,
